BREASTFEEDING PROMOTION & SUPPORT IN A BABY FRIENDLY HOSPITAL

Gain the knowledge and skills to confidently support breastfeeding through our BFHI-aligned workshop, designed to help you provide the best care for mothers and babies.

Objectives:

1. Identify the global significance of the Baby-Friendly Hospital Initiative (BFHI).
2. Develop communication skills for counseling breastfeeding mothers.
3. Apply practical strategies to promote breastfeeding during pregnancy and postpartum.
4. Gain hands-on experience in supporting breastfeeding, including care for infants with special needs and post-Cesarean sections.

REGISTRATION
